P1 WiMAX customers get cameras for making payments on time

Time to get clicking:
Pusparaagan showing off his camera.

PACKET ONE Networks (M) Sdn Bhd ("P1"), Malaysia's first and leading WiMAX telco continues to thank its customers by giving away Canon Powershot A3000 cameras.

Lim Tze Sin from Pulau Ketam, Selangor signed up for the P1 W1MAX Home Plus Package early this year. She walked away with the camera at P1 P@ddock in Petaling Jaya.

The others who received the cameras were Pusparaagan Bashkran from Kuchai Lama and Shahrezan K.P.S Sickander Masthan from Petaling Jaya.

P1 makes it a point to thank its customers

through many different ways.

In the spirit of the Ramadan, about 10,000 Muslim friends at 15 different P1 W1MAX sales points throughout the country were pleasantly surprised to receive nicely packed succulent dates.

These small tokens were presented to visitors in appreciation of their support for P1 W1MAX, the country's largest 4G broadband coverage and subscriber base that was introduced in Malaysia just two years ago.
